

SANGAMON VALLEY RC FLYERS NEWS LETTER

Published: March 3, 2005

Next Meeting: March 9, 2005

February, 2005 Meeting Minutes

On February 9, 2005 the monthly meeting of Sangamon Valley Rc Flyers was held at Rochester Community Center. Mike Behl opened the meeting at 7:08 p.m. with 7 members and one guest present.

First order of business was to have Bruce Kern read the minutes of the January meeting which was then approved as read. Mike then read the Treasurer's report due to the absence of Tim Tavernor. The Treasurer's report was then approved as read.

Old Business

The Christmas party was reported to have been very successful with 39 people in attendance. The food was good and Dave Holmes appreciated us buying his and his guest dinner. Sherwin Kroll conducted two trivia contests which were won by John Evers and Bob Putrich. Springfield Hammers Hobbies donated some nice door prizes. It was suggested that we should have the next Christmas Party in January also. The discussion was tabled for now.

We agreed to have only one meeting for the Open House Committee and to have it fairly close to the actual date of the Open House. One suggestion was on June 24th but that was soundly defeated. It was tabled for further discussion.

Next order of business was to discuss the possible hosting of an IMAC Event. Bruce Kern read correspondence from Ken McGuire who is the Contest Director for the North Central Region of IMAC. He suggested that in looking for a date to have a contest that we stay away from holidays and any events in Indiana or Kentucky because those contests would be too close in proximity to us. We decided on a couple of dates to give to Ken for approval and Bruce Kern will report on the findings at the next meeting. Bruce Kern then went through an explanation of how IMAC Contests are run, judged, what we need to have to host a contest.

Dave Holmes has worked out a deal with Life-force

to be a refueling station. They have been having problems with Capital Airport Life-force is a helicopter ambulance service that transports critically ill patients between hospitals. This is why Dave has removed the tree line next to the driveway and installed the helipad.

Ron Henderson has agreed to teach a new student how to fly. His name is Aaron Patton and he is from Pawnee. He has an Alpha trainer with an Evolution Engine and a JR Radio.

Bob Putrich has a Trainer with motor and Radio that he wanted to donate to the club but since we already have two trainers we suggested that Bob try to sell what he has.

New Business

Vic Gasperini was welcomed to our club as a new member.

There being no further business the meeting was adjourned at 8:00 p.m. There was no 50/50 drawing this month
